Multi-level (or multilevel) governance is an approach in political science and public administration theory that originated from studies on European integration. Political scientists Liesbet Hooghe and Gary Marks developed the concept of multi-level governance in the early 1990s and have continuously been contributing to the research program in a series of articles (see Bibliography).

Multi-level governance - Wikipedia

Central Europe according to P. Jones (Leibniz Institute for Regional Geography). Many Central European countries and regions were part of the German and Austro-Hungarian empires and the Polish-Lithuanian Commonwealth and thus share common cultural and historical connections.

Central Europe - Wikipedia

Published: Fri, 28 Apr 2017 Globalization is a process of connection between the people, companies and governments from different countries. It is a process of international trade, financial market and technological development in the world.

The Trends In Globalization - UK Essays

SUMMARY. Brexit comes at a bad time for Europe at the United Nations, as the United States, Russia, and China are challenging the liberal internationalism that the European Union promotes and that some EU members question too.

Separation anxiety: European influence at the UN after

Jazz is a music genre that originated in the African-American communities of New Orleans, United States, in the late 19th and early 20th centuries, and developed from roots in blues and ragtime. Jazz is seen by many as "America's classical music". Since the 1920s Jazz Age, jazz has become recognized as a major form of musical expression. It then emerged in the form of independent traditional ...
