Finance is a field that is concerned with the allocation of assets and liabilities over space and time, often under conditions of risk or uncertainty. Finance can also be defined as the science of money management. Participants in the market aim to price assets based on their risk level, fundamental value, and their expected rate of return. Finance can be split into three sub-categories: public ...

Choosing a CERTIFIED FINANCIAL PLANNER® (CFP®) professional is as important as choosing a doctor or lawyer; it's a very personal relationship. Many CFP® professionals specialize in working with certain types of clients, such as small-business owners, executives or retirees. Some specialize in certain areas of planning such as retirement, divorce or asset management.
