

food safety and international pdf

In order to facilitate the implementation of the WHO guidance and recommendations in countries, WHO has initiated a new Series "Food Safety Digest" to translate complex technical information from scientific assessments into materials accessible to non-experts in food safety.

WHO | Food Safety and Zoonoses

Food safety is a scientific discipline describing handling, preparation, and storage of food in ways that prevent food-borne illness. The occurrence of two or more cases of a similar illness resulting from the ingestion of a common food is known as a food-borne disease outbreak. This includes a number of routines that should be followed to avoid potential health hazards.

Food safety - Wikipedia

Increasing globalization of food trade increases the risk of contaminated food spreading quickly around the globe. The International Food Safety Authorities Network (INFOSAN) is a global network of national food safety authorities, managed jointly by FAO and WHO
