The Diabetes Breakthrough Your Doctor Won't Tell You About

The liver, an organ only found in vertebrates, detoxifies various metabolites, synthesizes proteins, and produces biochemicals necessary for digestion. In humans, it is located in the right upper quadrant of the abdomen, below the diaphragm. Its other roles in metabolism include the regulation of glycogen storage, decomposition of red blood cells and the production of hormones.

Liver - Wikipedia

Information about gallstones (gallbladder stones) symptoms like abdominal pain after eating fatty or greasy meal. Learn if diet has a role in the formation of gallstones and the potential for surgical treatment.

Gallstones: Symptoms, Causes, Treatment, Pain & Surgery

Introduction. Since the 1940s, scientists have isolated compounds and tested their ability to induce cancer. Substances which can cause cancer are known as carcinogen and the process of cancer development is called carcinogenesis. It was suspected early-on that carcinogens caused cancer indirectly, by causing DNA mutations. One early observation supporting this was that X-rays, which were ...

Star anise (*Illicium verum*), with its sensual curves, firm body and alluring scent, wins the spice beauty pageant!And itâ€™s beauty is more than skin deep. The perfect 8-pointed star with slender pods, each pod cradling a seed, is the sun-dried fruit of native Chinese evergreens.

Spice of the Month: Star Anise Â« Rethinking Cancer

Many people cite anecdotal experiences of "brain fog" as proof that ketosis actually hinders mental thinking, but this is false. This misconception arises from the fact that one must undergo a period of induction into ketosis (approximately 10-30 days) in which the body adjusts itself fully to a ketogenic metabolism.

Joseph Arcita: A Guide to Ketosis

These simple tips to reduce stress can help lower your high blood pressure. When it comes to preventing and treating high blood pressure, one often-overlooked strategy is managing stress.

7 ways to reduce stress and keep blood - Harvard Health

If I asked you which of these vitamins was found naturally in food, folate or folic acid, would you know the answer? If not, youâ€™re in good company. Medical professionals, nutrition experts, and health practitioners frequently mix up the two, simply because the terms are often used interchangeably. Many health professionals would even argue that folate and folic acid are essentially the same ...

The little known (but crucial) difference between folate

The Beautiful Truth: Raised on a wildlife reserve in Alaska, 15-year-old Garrett was interested in the dietary habits of the farm animals.After the tragic death of his mother, Garrett's father decided to home-school his son and assigned a book written by Dr. Max Gerson that proposed a direct link between diet and a cure for cancer.
