

### **for liberty and freedom pdf**

Broadly speaking, liberty (Latin: Libertas) is the ability to do as one pleases. In politics, liberty consists of the social, political, and economic freedoms to which all community members are entitled. In philosophy, liberty involves free will as contrasted with, determinism. In theology, liberty is freedom from the effects of "sin, spiritual servitude, [or] worldly ties."

### **Liberty - Wikipedia**

Political freedom (also known as political autonomy or political agency) is a central concept in history and political thought and one of the most important features of democratic societies. Political freedom was described as freedom from oppression or coercion, the absence of disabling conditions for an individual and the fulfillment of enabling conditions, or the absence of life conditions ...
