women's cognitive and rational attempts to explore key discourses such as science, technology and architecture through Reason, as opposed to rage. This is a genealogy of women writing utopian science fiction that is best illuminated through Darko Suvin's of the novum. Chapter One reveals how the innovative utopian visions of

This chapter focuses on Bradamante as a woman warrior, and explores the intersection of literary and historical genealogy. From the perspective of intertextuality, it surveys the presence of Bradamante as a character in the tradition of the cantari and poemi cavallereschi ; from a political point of view, it considers these texts as the site of definition of gender within a genealogical structure.

These are historical women who actually lived. Their stories, as I have told them, are based on biblical accounts. Although some of their actions may seem disagreeable to us in our century, we need to consider these women in the context of their own times. This is a work of historical fiction. The outline of the story is provided
